

INDEX

- ACETYLENE** for determination of
 cardiac output, 432.
- Acoustic stimulation, effect of, on blood
 pressure of urethanized dogs, 495.
 — stimuli, cardiac responses to, 491.
 — —, respiratory responses to, 481.
- Adrenal insufficiency, survival period in
 cats, 162.
- Adrenalin, response of intestinal strips
 to, at different pH levels, 143.
- ALLEN, W. F. Effect of various inhaled
 vapors on respiration and blood
 pressure in anesthetized, unanesthe-
 tized, sleeping and anosmic subjects,
 620.
 — . Effect on respiration, blood pres-
 sure and carotid pulse of various
 inhaled and insufflated vapors when
 stimulating one cranial nerve and
 various combinations of cranial
 nerves. III. Olfactory and trigemi-
 nal stimulated, 117.
- ALLEN, W. M. and G. W. CORNER. Phy-
 siology of the corpus luteum. III.
 Normal growth and implantation of
 embryos after very early ablation of
 the ovaries, under the influence of
 extracts of the corpus luteum, 340.
 — . See CORNER and ALLEN, 326.
- ALVAREZ, W. C. Physiologic studies on
 the motor activities of the stomach
 and bowel in man, 650.
- Anemia, nutritional, blood regeneration
 in, 259.
- Anoxemia, metabolism following, 407.
- Apnea, postural, submergence and, in
 muskrat, 592.
- BALDES, E. J.** See CORBEILLE and
 BALDES, 481, 491, 495.
- BANUS, M. G. The CO₂ absorption
 curve and buffer value of the blood in
 physical hyperthermia, 709.
- Bile preparations, purified, toxicity of,
 729.
- BISHOP, G. H. and A. I. KENDALL.
 Action of formalin and histamine
 on tension and potential curves of a
 striated muscle, the retractor penis
 of the turtle, 77.
- Blood, buffer value of, in physical hyper-
 thermia, 709.
 —, defibrinated, toxic effects of, 698.
 — formation in pigs, effect of ultra
 violet radiation on, 616.
 —, irradiated defibrinated, effects of,
 on perfused heart, 706.
 — lactates, oxygen consumption and,
 after exercise, 407.
 — plasma calcium of normal and
 parathyroidectomized rats, 754.
 — pressure, arterial, under low barom-
 etric pressure, 633.
 — —, effect of inhaled vapors on,
 117.
 — — effects of posterior lobe ex-
 tracts, 724.
 — — of urethanized dogs, effect of
 acoustic stimulation on, 495.
 — —, pulse rate and, 295.
 — regeneration in pigeons, effect of
 water and alcohol extracted liver on,
 130.
 — — — with nutritional ane-
 mia, 259.
 — sugar level, effect of ergotamine on,
 245.
 — volume in guinea pig during ana-
 phylactic shock, 479.
 — — in small animals, 468.
- Body and environment, thermal ex-
 changes between, 386.
- Bone marrow reactions, 130, 259.
- BOURQUIN, H. Studies on diabetes
 insipidus. III. The diuretic sub-
 stance, further observation, 519.
- Bowel, motor activities of, 650.
- BOYD, J. D. See HINES, BOYD, and
 LEESE, 240.

- Brain, CO₂ content of, 251.
 —, lactic acid metabolism of, 312.
 —, rabbit's, weight relations in, 107, 112.
- BROWNELL, K. A. See GRIFFITH, PUCHER, BROWNELL, KLEIN and CARMER, 295.
- BURGE, W. E. See WILLIAMS, SEAGER and BURGE, 237.
- BURGET, G. E. See SUCKOW and BURGET, 143.
- BYRNE, J. The proprioceptive innervation of the ocular muscles, 151.
- C**ARBOHYDRATE metabolism in fasting, 240.
- Cardiac output, acetylene for determination of, 432.
 — responses to acoustic stimuli, 491.
- CARLSON, A. J. See KUNDE, CARLSON and PROUD, 747.
- CARMER, M. E. See GRIFFITH, PUCHER, BROWNELL, KLEIN and CARMER, 295.
- CHANDLER, S. B. See TWEEDY and CHANDLER, 754.
